This order sheet is for people that like to order a Deimel Firestar with classic settings and don't need all the experimental add-ons. We build each guitar and bass by hand on the basis of your wishes. Please fill out this list of specifications for your custom Deimel Firestar order. If you have no clue, any questions, or ideas that are not listed, just contact us via e-mail at info@deimelguitarworks.com . We will get back to you as soon as possible! We can arrange a phone, Skype or Facetime call in order to answer all your questions and guide you through. OR you tell us what music/sound you would like to play with your guitar and we make you suggestions!

Once the main specifications are determined, we will send you an official order confirmation and ask for a 40 % deposit in order to start the building process. All prices stated are without German VAT. If you are residing outside the EU or you are holding an EU VAT business number, no German VAT applies.

With your personal hashtag you can follow the building process of your guitar via Instagram.
